INVESTMENT OBJECTIVE AND STRATEGY

UCMF seeks to prevent loss of principal at all times by investing in deposits in local banks. It also aims to surpass its benchmark which is the HSBC Money Market Index. This should not be construed, however, as a guarantee of yield.

Clients are advised to read the Declaration of Trust/Plan Rules of the Fund, which may be obtained from the Trustee, before deciding to invest.

- the UCMF is suitable only for investors who:
 - have a risk profile of conservative based on the results of the accomplished Client Suitability Assessment Form;
 - has an investment perspective which is short term in nature and willing to put all his/her/their money only in time deposits;
 - are willing to forego the higher long term returns generated by riskier investment; and
 - understands the risks of investing in products which are non-deposit, non-bank and with no recourse to the Bank.
