**INVESTMENT OBJECTIVE AND STRATEGY**

The UPIEF seeks to provide long-term growth of capital by investing in the equity components of the Philippine Stock Exchange Composite Index (PSEi). The Fund also seeks to closely track the performance of the PSEi. This should not be construed, however, as a guarantee of yield.

**CLIENT SUITABILITY**

A client profiling process should be performed prior to participating in the Fund to guide the prospective investor if the Fund is suited to his/her/their investment objective and risk tolerance. Clients are advised to read the Declaration of Trust/Plan Rules of the Fund, which may be obtained from the Trustee, before deciding to invest.

- the UPIEF is suitable only for investors who:
  - have a risk profile of aggressive based on the results of the accomplished Client Suitability Assessment Form;
  - are willing to dedicate a small portion of their portfolio, preferably excess funds, for a medium to long term perspective with a high level of return and corresponding risk on an equity portfolio; and
  - understands the significance of fluctuating unit prices and that any income/ loss arising from market volatilities and price fluctuations is for the client's account.

**KEY RISKS AND RISK MANAGEMENT**

You should not invest in this Fund if you do not understand or are not comfortable with the accompanying risks.

- Interest Rate Risk. This is the possibility for an investor to experience losses due to changes in interest rates.
- Market/Price Risk. This is the possibility for an investor to experience losses due to changes in market prices of securities (i.e., equities).
- Credit Risk/Default Risk. This is the possibility for an investor to experience losses due to a borrower's failure to pay principal and/or interest in a timely manner on instruments such as bonds, loans, or other forms of security which the borrower issued.
- Liquidity Risk. This is the possibility for an investor to experience losses due to the inability to sell or convert assets into cash immediately or in instances where conversion to cash is possible but at a loss.
- Reinvestment Risk. This is associated with the possibility of having lower returns or earnings when maturing funds or the interest earnings of the funds are reinvested.

TBG strictly adheres to the investment outlets as stated in the Fund's Declaration of Trust. Exposure limits and asset allocation is closely monitored on a regular basis. All counterparties and investment outlets underwent thorough evaluation and accreditation in accordance with the Trust Manual of Operations, Policies and Guidelines.
